## SUMMARY

---

Result - Computer science engineering **Undergraduate Student** with a passion for technology.

## EDUCATION

---

### **B.E in Computer Science Engineering**

**GPA-8.6**

Visvesvaraya Technological University(VTU), India

Undergraduate Coursework:

- Strategy Formulation and Data Visualization
- FPGA Embedded Design with basics of Verilog
- Energy Literacy Training of the Energy Swaraj Foundation

## TECHNICAL SKILLS

---

**Programming Languages:** Python,C(beginner), Java(beginner), Verilog HDL(beginner)

**Design Tools:** EDA playground

**Operating systems:** Windows, Ubuntu

## OTHER ACTIVITIES

---

- Member of Computer Society of India (CSI) which is a professional body consisting of Computer Science students in India.
- Actively participated in a TEDx event, gaining exposure to innovative ideas and diverse perspectives.
- participated in VTU sports
